

## CONVENTION & COMPETITION

### ONSITE EVENT SAFETY MEASURES & GUIDELINES

REVEL Dance Convention, in cooperation with its venue partners is working to develop safety measures and guidelines for attendees to help promote a healthy and safe environment during convention and competition. These practices may not reflect all the efforts being taken by REVEL and its hotel partners. We will continue to modify these measures, as necessary, based on advisory from local and federal authorities. We believe that the efforts REVEL and its venue partners are taking below, coupled with personal responsibility can help promote a healthy and safe environment.

#### **Masks Encouraged in Common Areas**

In accordance with CDC guidelines, we encourage attendees to wear masks in the common areas (venue lobby and foyer areas). REVEL staff will be wearing masks at all times.

#### **Registration/Elimination of Wristbands & Audition Numbers**

In an effort to reduce touchpoints, REVEL will be eliminating the traditional Registration Desk/Info Desk. Wristbands and audition numbers are being eliminated. See more details below.

#### **Virtual Help Desk**

REVEL will be offering a virtual help desk throughout the weekend, whereby attendees can chat with our staff on demand to answer any questions in real-time.

### **Temperature Checks**

Until further notice, all REVEL staff will undergo touchless temperature checks each day. Hotel partners are also undergoing this same process with their employees. Any staff with a temperature higher than 99.9 will not be permitted to work the event.

### **Distancing in Common Areas**

All attendees should observe distancing requirements in the common areas outside the ballrooms and other areas of the venue.

### **Distancing in Convention Classes – introducing the RevBox**

REVEL will have taped grid lines on the ballroom floors to create each Revbox (6 feet of distance). Each Revbox will be numbered. Studios will receive a map of each ballroom ahead of the event, along with each dancer's corresponding Revbox number. The dancer's RevBox number will also correspond with their Audition Number. REVEL will be capping the attendance in the ballrooms based on these gridlines, so event attendance will be on a first come, first serve basis. REVEL has also increased the amount of contracted ballroom space with the venue to allow for more distancing.

### **Elimination of Water Stations**

REVEL will eliminate the traditional water stations in the ballrooms. Dancers should bring multiple water bottles to class in their bags for easy access.

### **Virtual Class Option**

If dancers would prefer not to take class in the ballrooms, the live classes will be available via livestream (real-time), to take from their hotel room or home (if the event is within driving distance). Virtual classes will be password protected, and this must be coordinated with REVEL ahead of the event.

### **Class Observers**

For the foreseeable future, REVEL will be limiting observers in the classes to Studio Staff only.

### **Changing Rooms**

Changing Rooms will be limited to one studio at a time. The ballrooms will already have taped gridlines for the convention classes. Dancers and any changing assistants should utilize the gridlines to maintain distancing in the Changing Rooms. Studios should limit the number of parents assisting with costume changes to the absolute minimum necessary. After each studio finishes competing their routines, hotel staff will properly clean the changing room before the next studio enters.

### **Taking the Stage at REVEL**

REVEL will schedule the competition line-up, 2 or 3 studios at a time (based on the number of dressing rooms available in the venue). REVEL will work with each studio to schedule their respective performance times. Congregating backstage will not be permitted. One routine at a time will be permitted backstage while the routine on deck will wait outside the backstage door to enter once the routine has finished onstage and exited the backstage area. REVEL staff and our Pro Reveler team will help coordinate this.

### **Exiting the REVEL Stage**

Hand sanitizer will be available for dancers exiting the stage.

### **Competition Spectators**

REVEL will have limited audience seating available for Studio Staff and immediate family/guardians. Chairs will be spaced to accommodate distancing requirements. A maximum of 1-2 spectators per registered dancer is permitted. Grandparents, Aunts/Uncles, Friends, etc., should watch the competition on the REVEL Livestream from the comfort of their homes.

### **Watch the Competition on REVEL's LiveStream**

REVEL will livestream the competition at [www.dancerevel.com](http://www.dancerevel.com). Family and friends should watch the competition from their homes.

### **Hand Washing**

All attendees should wash their hands multiple times throughout the day. The CDC recommends this as one of the best practices to avoid transmission of the virus.

### **Venue Cleanliness/Distancing Efforts**

The hotel venue has increased the wiping all surfaces, handrails, elevators, door handles, etc. on a continuous basis throughout the course of the event.
